How You Learn is as Important as What You Learn

- Professors are constantly updating and developing their teaching materials
- The courses emphasize on strategic understanding and bridging theory with practice
- Students will engage in a diverse range of innovative learning methods, including case studies, lectures, off-campus team work, business simulations and games, live role playing and academic study
- Small class size
- Opportunities to participate in research projects and numerous student initiatives

Learn from Leaders

You will have the opportunity to meet with and learn from talented professionals, who work in multinational companies located in the region, Europe or the rest of the world.

Optional Language Courses

For example: Spanish, French, Japanese and Chinese

Master Thesis

Students of the Master program are required to write a Master Thesis within the third semester, for a period no longer than four months. This project is usually written in cooperation with a company, can also be written in a foreign country and in either English or German language.

Final Oral Examination

Graduates have to pass an oral exam for the Master's Degree at the end of the third semester.

Admission Criteria

Admission to the MBA International Management depends upon your meeting of the following requirements

- Degree from an institute of higher education
- Professional experience
- Full fluency in written and spoken English
- Proficiency in German Language
- Proof of GMAT or entrance exams

The MBA Experience in Europe's most active Economic Region

Nürtingen-Geislingen University is located in Southwest Germany, in the state of Baden-Württemberg. According to leading business rankings, it is considered to be one of the best Universities in Business Administration in the country.

The location and surroundings offer students several social and professional opportunities. Baden-Württemberg is an important business and industrial location, where many global companies such as Bosch, Daimler, Dekra, Festo, Hugo Boss, Porsche and Metabo have their headquarters.

The state's economic strength is manifested, for example, in its volume of exports, which is nearly equal to that of whole countries such as Spain, Sweden and Singapore. The city of Nürtingen with its 40,000 citizens is located in the Neckar Valley, only a few kilometers away from Stuttgart, the state's economic heart. The town offers its residents proximity to beautiful landscapes and scenic recreation areas such as the Swabian Alp, the Black Forest and one of Germany's best wine valleys.

A University with Excellent Structures

- Dedicated faculty and well experienced professors
- Close links to businesses and industry
- Strong alumni network and career services
- Partner universities in various countries
- Housing options: student dormitories

- The HfWU Teaching Competence Center coaches the tutors for optimal learning results

Since 1999 more than 550 MBA-students have graduated from the MBA International Management. The program enhances interpersonal and leadership skills, world focus, independent thinking, orientation towards action preparing students for a career path of success. The MBA is taught in English and German and prepares non-business academics for management positions that require both international and business skills. The objective of this program is to train students for these endeavors by linking the students' first degrees studies with business issues.

- MBA degree in only three semesters
- Development of business skills to match your ambition
- Challenging and rewarding learning environment
- Enlightening, pragmatic yet strategic courses
- Innovative teaching methods
- Improvement of foreign language skills
- Interactive international teamwork
- Personal and professional contact networking
- Accreditation according to European MBA guidelines by ACQUIN

The program develops the capability to work within a global business environment, by integrating international issues in all its courses. The cultural diversity of the group also provides such an important lens to anyone who strives to become a business leader responsible for conducting business in an international context.
