Summer Talks with Prof. Dr. Herbert Henzler

Prof. Dr. Herbert Henzler started his career at McKinsey & Company in 1970, became a partner in 1975 and was elected director in 1978. When he left McKinsey & Company in 2001, he had served as Chairman of McKinsey Germany for 14 years and as Chairman of McKinsey Europe for three years. In the over 30 years, he shaped the image and corporate culture of McKinsey like no other manager.

He was an advisor to a large number of top companies as well as to the German and the Bavarian government and numerous start-up companies. As the Chairman of the Scientific and Technical Advisory Committee of the Bavarian state government, he advises the Bavarian Cabinet in matters of academic, educational, research and technology policy.

Prof. Dr. Herbert Henzler has published numerous papers on strategic management and the organization of international companies as well as on economic and social policy issues. He loves to share his knowledge with young people not only as a professor in International Management at the Ludwig-Maximilians-University in Munich and visiting professor at the Skolkovo Moscow Business School but he also supports them with his Herbert Henzler Foundation.

Since 2016, the Herbert Henzler scholarship has been awarded to highly talented NGU students who spend part of their study period abroad. By including them into his unique network and acting as a personal advisor, Herbert Henzler is committed to helping his mentees prepare for an international career. The scholarship of 10,000 euros is awarded once a year.

As a Nuertingen native, Prof. Dr. Herbert Henzler has been closely connected to Nuertingen-Geislingen University for many years and is very actively involved in promoting the university's internationalization.
